

Landscapes of

Learning Conference

Saturday 9th November 2019

Location: Novotel Ellerslie, Auckland, NZ

Time: 9:00am – 4:00pm

Price: NZD \$150pp

Learning is a transformative process that involves listening, thinking and engaging in new ways. Learning renews the heart and mind, ignites new possibilities and is the catalyst for change. The conference theme 'landscapes of learning' will pave the way for our inspirational speakers to share their thinking with key ideas in early childhood that have enabled them to forge forward in their learning and research and find new ground. You will be encouraged to dig deep in your own learning and be 'moved' to consider your pedagogical goals for teaching and learning as you move into 2020 with fresh ideas and inspiration.

Speakers

Wendy Lee

Lorraine Sands

Toni Christie

Kelly Goodsir

Speaker	Topic
Wendy Lee	Savouring the moment: what might 'slow movement' look like in an Early Childhood Setting
Lorraine Sands	Writing learning stories
Toni Christie	Red Brain Blue Brain: Neuroscience and Self-Regulation
Kelly Goodsir	The privilege of 'making learning visible' Celebrating the Capable Child
